SKILLS

- **Languages:** C, Java, Python, JavaScript
- **Course Work:** OOP, DSA, OS, DBMS, AI & ML
- **Web Development:** HTML, CSS, JavaScript, React.js, Next.js, Bootstrap, Tailwind CSS, MERN Stack
- **Development Tools:** Git, GitHub, Vercel, Postman, JWT, OAuth, RESTful APIs, VS Code

WORK EXPERIENCE

Aimbrill Techinfo │ *Web Developer* 🔗

- Developed and maintained scalable web applications using the MERN stack, ensuring responsiveness and optimal performance.
- Collaborated with cross-functional teams to design intuitive user interfaces, enhancing usability and engagement.
- Improved application performance by optimizing database queries and front-end rendering, reducing load times.
- Designed and implemented RESTful APIs for efficient data exchange between front-end and back-end services.
- Ensured high code quality through unit testing, peer reviews, and best coding practices.
- Worked on Shopify-based e-commerce platforms, integrating third-party applications and optimizing user experience.

PROJECTS

Education Commerce Website │ *MERN Stack, JWT* 🔗

- Developed an education commerce website using React, where users can browse and purchase educational courses.Collaborated with backend teams to ensure seamless payment gateway integration and real-time updates of course availability.

Admin Panel for MongoDB Schema Management │ *MERN Stack, AdminJS, JWT*

- Developed an Admin Panel using AdminJS to manage the MongoDB schema through a user-friendly UI. Implemented JWT-based authentication to ensure secure access. Enabled seamless CRUD operations, streamlining database management for the company.

Weather app │ *HTML, CSS, JavaScript* 🔗

- Developed a dynamic weather application with geolocation and search functionality, leveraging JavaScript and API integration for real-time weather data. Designed a sleek, responsive UI for seamless user interaction across devices.

Shopping Web Application │ *MERN Stack* 🔗

- Developed a responsive and user-friendly shopping web application using React, ensuring an intuitive interface across devices. Utilized React Router for seamless navigation between views and integrated state management to streamline data flow. Reusable UI components built for consistency.

EDUCATION

- **SILVER OAK UNIVERSITY**   Ahmedabad, India
  B.Tech - Information Technology   2021 - 2025
  CGPA: 9.00/10.0
- **V.D. Patel Saixanik Sankul Mandavad(HSC)**   Ahmedabad, India
  Board Percentage: 78.48%   2020 - 2021

CERTIFICATES

- **Full Stack Web Development with MERN** 🔗
  Gained expertise in JavaScript, focusing on problem-solving and efficient algorithms. Built dynamic web applications using MongoDB, Express.js, React.js, and Node.js, covering state management, hooks, and RESTful API development.
